Are You Prepared for This Cold Weather?

Are you looking for a good, warm, serviceable garment? Do you know what "All Wool" means to a garment? It is the only thing that makes fine tailoring worth while. Garments of poor materials, however well made, will not hold their shape. They soon go to pieces in looks and in reality, and this makes a customer highly dissatisfied.

In view of such conditions, we are gratified to be able to recommend unreservedly the quality of Wooltex and Pintzess Coats and Suits. They are absolutely all wool and more than justify the exquisite workmanship put into every detail. You will find the models the season's best in style and quality.

Ladies' Warm Coats

This weather calls for the warm and serviceable Coat, the Coat that will wear and keep its shape through hard service.

When we sell you a first-class Coat, the style and quality must be the best the season produces. If they are not the Printzess or Wooltex make, they must be up to their standard in both quality and style.

We have some good Coat values that are sure to appeal to any who want a garment that carries all the style marks of the season's best Coat values.

When you buy one of these Coats, you buy a Coat of conservative style, a garment that is good for more than one season. We hear the remark made by our customers every few days: "I like the Printzess and Wooltex garments, because they are advanced in styles. They are almost as good the second season as the first, and then they keep their shape, as well as have the service."

You will surely be pleased with the Coat models.

Special Values in Ladies Suits

We are making prices on a lot of the season's best Suit models that are sure to appeal to any who want a good warm Suit for the winter dressy garment and the early spring use. These are Suits of the season's best designs. The styles are conservative and well made, the Coats are interlined, making a garment that has warmth and service.

Here are about thirty Suits in the season's best styles, made from a variety of the season's best cloths. Are Suits that will keep their shape and are qualities that we will not be able to duplicate again for some time.

These Suits come in all the popular colors and are our best values of the season at the regular price. These we have put on one rack to close at one-half the original price. You should improve this chance to get a good Suit that will give you style and quality at a big saving to you.

To End the War.

St. Helena's the place for the Kaiser

And all his cabinet, too.

For they know they're fighting a losing war.

So they're very mean and untrue.

They're bombing hospitals and killing children.

And things they should not do.

Now we must put a stop to this.

But what can this town do?

We have given them soldiers.

We have given them sailors.

And Red Cross nurses, too.

And of course we've given them Liberty bonds.

Which will help the allies through.

And you can bet if I was the age I'd help my country too!
